TASK -8 :- SIMPLE SALES DASHBOARD DESIGN

INTRODUCTION : The Sales Report Dashboard provides a comprehensive overview of sales performance from 2018 to 2021. It highlights key metrics such as total sales, profit, quantity sold, and discounts. The dashboard also breaks down sales by segment, category, sub-category, region, and state, helping identify top-performing areas and products.

1. The **West region** led all others in sales performance, contributing the highest share at **31.58%** of total revenue.
2. The **Consumer segment** dominated the market, accounting for over **50%** of the overall sales volume.
3. **Phones** and **Chairs** were the top-performing sub-categories, with Phones alone generating **over 200K** in sales.
